Relationships

Accreditation Act.

- Act No. 19 of 2006: Accreditation for Conformity Assessment, Calibration and Good Laboratory Practice Act.
- To provide for an internationally recognised and effective accreditation and monitoring system for the Republic by establishing SANAS as a juristic person;
- To recognise SANAS as the only accreditation body in the Republic for the accreditation of conformity assessment and calibration and monitoring of good laboratory practice; and to provide for matters connected therewith.

What is Accreditation?

- ❑ Accreditation assessment of a facility
 - “An **independent assessment** (by experts) on the competence of an organisation and/or individual to perform tests against a schedule of accreditation”

- ❑ Accreditation **confirms** technical competence

Government Bodies and Regulators

- In order to make informed decisions, Government must have confidence in the data generated by laboratories carrying out testing, measurement or calibration in these fields.

i.e Verification laboratories of petrol pump (protection of consumers)

- Accurate results after the assessment
- Using an accredited laboratory can help establish and assurance this confidence

Accreditation Programs

1. **Blood Transfusion Services**
2. **Calibration Laboratories**
3. **Forensic Laboratories**
4. **Legal Metrology**
5. **Medical Laboratories**
6. **Pharmaceutical**
7. **Testing Laboratories**
8. **Veterinary**
9. **B-BBEE Verification Agencies**
10. **Certification Bodies**
11. **Inspection Bodies**
12. **Proficiency Testing**
13. **GLP and GCP**

Accreditation Program for BBEE VA's

Accreditation of BEE verification agencies is conducted by SANAS on behalf of the **dti** in terms of the accreditation criteria, and is maintained and enforced by SANAS

- Broad-Based Black Economic Empowerment Amendment Act, 2013.
- B-BBEE Codes of Good Practice
- Verification manual (Government Gazette 31255)
- Sector Codes
- R47 Accreditation standards

What makes SANAS Acceptable?

SANAS has to comply with international criteria (including Quality Management criteria) and demonstrate our technical competence with regards to the various sectors that is accredited

- Peer evaluation by international teams with relevant expertise, every 4 years to ensure continued compliance with requirements
- Over the years SANAS has been commended for its technical competence. SANAS established SADCAS a regional accreditation body. SANAS assisted in set up a continental body know as AFRAC.

Impact of accreditation

Promotes removal of technical barriers to trade

i.e if electrical cables are tested here in the South Africa by an accredited facility and exported overseas , re-testing is not required

2. It boast revenue because we are able to access internationally markets.

3. It gives South African competitive edge on the international market (Motor industry quality assurance)

The South African National Accreditation System (SANAS) is the only national body responsible for carrying out accreditations in respect of conformity assessment, as mandated through the Accreditation for Conformity Assessment, Calibration and Good Laboratory Practice Act (Act 19 of 2006). This includes the accreditation of:

- Calibration laboratories;
- Proficiency testing service providers;
- Producers of certified reference materials;
- Testing laboratories, which includes Medical, Veterinary, Forensic, Pharmaceutical, Chemical and Microbiological, Physical and Mechanical laboratories;
- Blood transfusion services;
- Verification laboratories;
- Inspection bodies;
- Certification bodies;
- BBBEE rating agencies; and
- Any other type of body that may be added to SANAS' scope of activity.

SANAS is also recognized as the national body to monitor GLP / GCP compliance with the principles adopted by the OECD for GLP facilities or the VICH principles of GCP.

Accreditation means third-party attestation related to conformity assessment bodies conveying formal demonstration of their competence to carry out specific conformity assessment tasks.
